My dear Collier,

I only returned home last night from the above meeting, and found awaiting me your very handsome present of a copy of the lithographed Haulst. I bore no time in telling you I pleased I am ~~and~~ to possess it and how much I value it, and how sincerely I thank you for it. I shall keep it as a memorial of an old friend. I had already heard of it, but I had not seen a copy, of which I see that there are very few in existence.

I have been away from home more than a month, wandering about North Wales and the border previous to the meeting at Leeds.

Yours ever faithfully,

Thomas Wright

J. P. Collier, Esq.
